

SELECT Food Grade Air Line Oil

Applications

SELECT Food Grade Air Line Oil is made from food grade white mineral oil of the highest purity. This oil meets and exceeds the requirements of US FDA regulation 21 CFR 172.878 and 178.3620 (a) for direct and indirect food contact and surpasses standards of the US Pharmacopeia (USP) and the National Formulary (NF) and have also been authorized as H1 lubricants (incidental contact) in food plants under the jurisdiction of the NSF/USDA.

Characteristics

- Refined to the highest degree of purity in a petroleum oil
- Contains Vitamin E oxidation inhibitor
- Authorized as H-1 and 3H (release) by the USDA
- Certified as Kosher
- Colourless
- Tasteless
- Odourless

Typical Specifications	ASTM Test Method	Select FM
ISO Viscosity Grade	D-2422	32
Viscosity cSt @ 40°C	D-445	32
API Gravity	D-287	32.6
Flash Point °C	D-92	193
Pour Point °C	D-97	-9
Colour, Saybolt		+30
Odour		None
